INTRODUCTION

Government College of Commerce and Business Administration is an initiative of the Department of Higher Education, Chandigarh Administration. It is a pilot project which is established with a view to catering to the growing demand for commerce and management education in Chandigarh. This is the only College in the city which provides qualitative contemporary education exclusively in the sphere of commerce and management. The College had a very humble beginning in terms of student input and infrastructure in July 2007 but since then it has witnessed an unprecedented growth. The College is successfully running B. B. A. and B. C. A. courses in addition to B. Com. and M. Com. courses.

Our Vision

To attain the status of a unique hub nurturing learners in the diverse faculties of Commerce, Management and Computer Application, with a holistic concern for the individual, society, and nation.

Our Mission

- Chiseling a destination for ourselves in the specialized field of Commerce, Management and Computer Application.
- Empowering students with all the knowledge and guidance that they need to become worthy professionals.
- Learning through “hands on experience.”
- Imparting value framework that is global yet national.
- Providing holistic and value-based development of students that ultimately enhances their employability.
- Developing social consciousness among students.
- Providing a humanizing and motivating milieu so that students may utilize their potential to the optimum.
- Grooming youth to become a truly global personality, well equipped to deal with the modern world and its challenges.
- Enable holistic development of personality with a benevolent and global outlook.

Our Motto

- The motto of our college “Know, Explore and Grow” envisions the very essence and philosophy of the college. The College endeavors and inspires to know, to explore and with that knowledge and exposition to grow both in academics and co-curricular activities.

ABOUT THE COLLEGE

The fame of an institution rests on the shoulders of its faculty and students. The collective efforts of both along with the physical infrastructure and other support system sets the stage for the advancement of the institution.

Staff –The Spine of Institution

Teaching Faculty

The college is yet to have its own sanctioned posts. However, in addition to *the Principal* we have *Dean and Vice Principal* who are looking after the work of academics and administration in liaison with the Principal, staff and students to run the affairs of the college. The Dean of this College is Mr. Amarpreet Singh and Dr. V. Magesh is designated the Vice Principal. Amongst the teaching faculty, seven regular staff members have been deputed from various government colleges including the Librarian. The Department of Higher Education has also appointed *twelve full-time Assistant Professors on contract basis against additional sanctioned posts*. It is their consistent efforts, passion and hard work that has enabled the smooth functioning of the college. This has led to achievements of new heights for the students in the field of academics, sports and extra-curricular activities.

The Administrative Office

No college activity is complete without the cooperation of the administrative staff that works and coordinates with the teaching staff to ensure smooth functioning of the institution. The accountant of the college, *Mr. Balwinder Singh* heads the administrative section. His team comprises of Mr. Naresh Kumar, Mr. Gulshan Kumar, Mrs. Surjit Kaur, Ms. Dalbir Kaur and Mr. Kuldeep Singh as the supporting clerical staff. Ms. Monika has been designated as Data Entry Operator. Mr Sanjeev Kumar is the Personal Assistant to the Principal. He actively assists the Head of the Institute to carry her routine proceedings. Among the other non-teaching staff, there are a total of 13 employees *as Class III* and 37 employees *as Class IV* who work in tandem for the smooth functioning of the college. There are three Laboratory Technicians (Mr. Saurbh Dhiman, Mr. Gaganpreet Singh and Mr. Rajat Kumar) who maintain the computer laboratories and Server Room.

PHYSICAL INFRASTRUCTURE

The college building is spread over an area of 9.17 acres and is the latest and modern in design. The academic area consists of twelve Lecture theatres, sixteen classrooms, twenty faculty rooms, a seminar room and canteen area. The entire academic block is linked and well connected by wide stairways and ramp area. Large balconies enough to house 300 students are available on each floor. The entire LTs and classrooms have been fitted with the latest smart gadgetry for teaching.

The Administrative Block includes three floors. *The Ground Floor* has Principal's Room, Office, Fee Counter, Bursar's Office, Dean's Room, Vice-Principal's Room, Registrar's Room, Placement Cell, Medical Room and Pantry. *The First Floor* has the College Library including the Reading Hall, stocks, store, etc. On the *Second Floor*, four rooms are allocated to the examination board and four are for the library, the reading room for boys and girls are housed there. *The Third Floor* includes students' activity area which includes gym, sports room, mediation room and society rooms.

The entire area of the college has been designed and developed with the latest design and concepts. The major added features of the infrastructure include the *real time air pollution monitoring system* installed by the Pollution Control Board in the College. *The solar cells/solar power system* has been deployed wherein on 50kw plant capacity is being installed on the roof top. The building is equipped with *rain water harvesting system* where all the rain water is being collected routed directly into the rain water collection area and in running very efficiently. The entire build up area is adequately filled with complete *firefighting system*. All most all the rooms and area outside is being monitored by the **CCTV cameras**. The basement has in house parking facility for parking two wheelers of the college students. Adequate parking area is available for four wheelers around the entire building of the college. It can accommodate around two hundred cars.

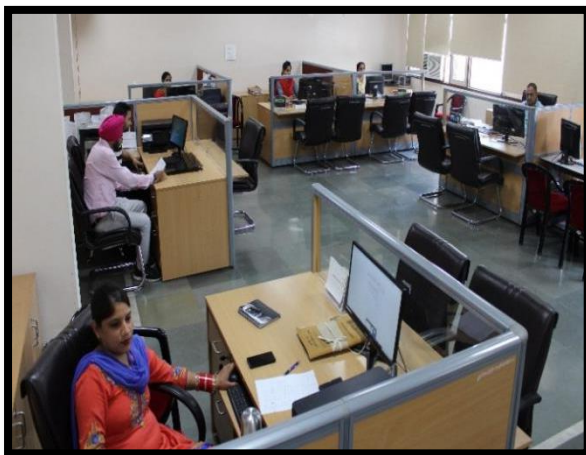

A digital kiosk has been installed in the library to enable the students to find books available in the library and blogs of the teachers.

It has access to 10 MBPS lease line and the whole campus is Wi-Fi enabled. The College has no overhead wiring. It is surrounded by green pavers that will be enhancing the aesthetic

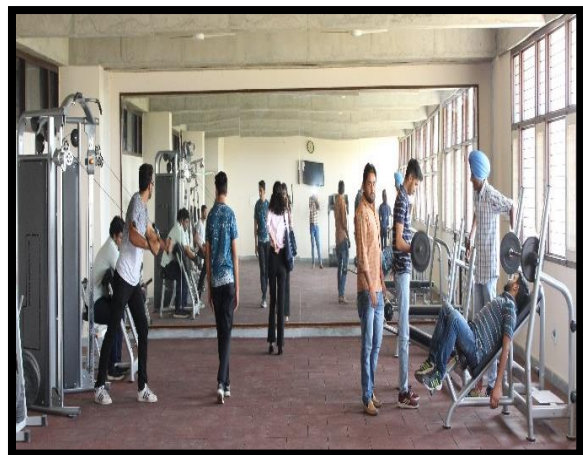

beauty in near future. Ramps have been constructed for specially-abled persons that has access from all the sides of college building.

The Institute envisages a campus that promotes interaction between faculty, students and scholars of different disciplines. It is planned to make it a 'Green Campus' with minimal energy consumption. *In the coming phase of the construction, the hostel, college sports ground and multipurpose auditorium are planned.*

Smart Classrooms and Lecture Theatres

Smart Classrooms

The College takes pride in having a very well equipped and acoustically well-maintained Seminar Room. The Smart Classrooms are technologically enhanced classrooms that foster opportunities for teaching and learning by integrating learning technology, such as computers, specialized software, audience response technology, assistive listening devices, networking, and audio/visual capabilities. All Smart Classrooms support video projection from a laptop and all rooms contain resident computers. Wooden dual desks of the latest design are provided to the students for their ease and comfort. The academic area consists of twelve Lecture theatres, sixteen class rooms, twenty Faculty rooms, one seminar room and Canteen area.

OTHER FACILITIES

LIBRARY

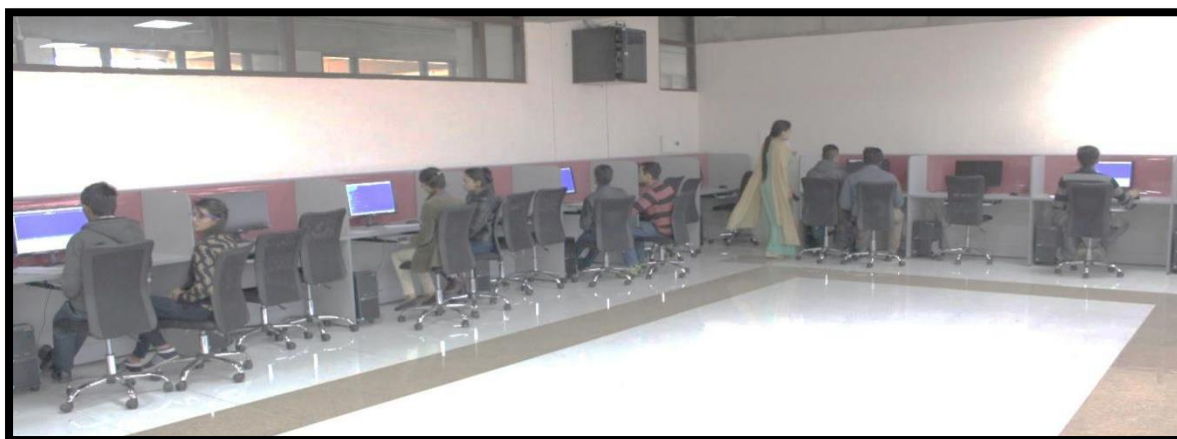

The College Library has been established as per the requirements of the students, faculty and staff member of the College. It has two reading halls and also an outer section hall for its readers for consulting personal books. The Library includes two reading areas and having the seating capacity for 140 students at a time. The first floor is equipped with a circulation counter, a reference section, digital corner and a large reading hall with a seating capacity for 100 students at a time. Additionally, the first floor is dedicated to book stacks, a silent reading area with reading carrels, a Faculty research and periodical section. The second floor is equipped with girls' reading room, boys' reading room and one common discussion room for girls and boys.

The Library has a collection of 6074 documents which includes textbooks, reference books, general books and non-book materials. The Library subscribes about 35 Magazines, 18 Journals and 15 newspapers. A digital kiosk has been installed in the library to enable the students to find books available in the library and blogs of the teachers. Recently, digital corner has been set up in the library so that students and faculty members can access the Web-OPAC (Libsys), N List and database of EBSCO host and PROWESS. In order to improve the standards of research work for students and faculty, the infrastructure facilities available in the Library also includes TURNITIN and SPSS (Statistical Package for the Social Sciences).

COMPUTER LABS

From the very inception of this College, our emphasis has been to provide the best technology to all the stakeholders, therefore all the administrative and teaching work is being carried out using computers. Students can freely access them in the computer labs and also in the Library. At present, the College has four servers, thirty smart classrooms equipped with podiums and two hundred two desktops.

The three computer labs are well equipped with latest software such as Microsoft Office 2010 & 2013, SPSS and Tally. All the labs are equipped with 24*7 online UPS, Optical fibre backbone LAN, and 10 MBPS lease line from BSNL Wi-Fi routers have been installed in the entire campus. The security and connectivity issues are handled through software like NEBERO. It helps to manage speed and keep track of faculty and students visiting various websites.

INTERNET CONNECTIVITY AND Wi-Fi ACCESS

BSNL Leased line connectivity of 10 Mbps is available throughout the year in the campus. LAN connects all the computers through client server network. The whole campus is Wi-Fi enabled with controlled accessibility for students and staff.

OTHER CO-CURRICULAR ACTIVITIES

“Other Co-curricular activities” are conducted on or off College premises by various clubs, committees, associations and societies. GCCBA aims for holistic development of students to nurture their personality. We have been running community outreach programmes in the College with an objective to encourage all the students to participate in community-oriented activities as aimed by NSS. We have various societies based on social themes under the umbrella of NSS. These include:

NATIONAL SERVICE SCHEME (NSS)

The main objective of National Service Scheme as envisaged originally was service to the community offered while undergoing instructions in an educational institution. The motto that is the watchword of the NSS is “NOT ME BUT YOU”. It underlines that the welfare of an individual is ultimately dependent on the welfare of the society as whole.

The National Service Scheme (NSS) of our institution has two units, (Boys & Girls), with two Programme Officers, namely, Dr Manoj K Bhambu and Dr Renuka Mehra. The units have 125 boys and 125 girls as NSS Volunteers. FUTURE FOCUS AREA

1. The College plans to have more courses as adequate infrastructure is available to be utilised for more courses. The only issue is of creation of more posts to help start more courses.
2. To develop strategic partnerships with academic institutions as well as the industries. On one hand we wish to partner with top institutions in the country, on the other hand we would like to engage the corporate sector in India.

3. For the same we would like to *tie up with some corporate partners* like *CII, ICWA, CA Associations that provide industrial training etc* or we may also initiate *Few Students Exchange programs* by tying up with management institutes such as *UBS, SRCC, IIM* or other management institutes in and around the city to facilitate free flow of ideas and knowledge to bring in multi-region flavour to the academia.
4. It is too early for the Institute to claim world-class research that will address societal problems in a substantial way. However, the Institute can certainly claim numerous innovations in both curriculum and in governance. Any visitor to the Institute can easily sense the enthusiasm and positive energy all around in the students, staff and faculty.
5. Administration should view it seriously that ours is a commerce College & *separate status should be given to this college as against other arts & science colleges* as it is accountable to the purpose for which it is being formed. It needs to create niche for itself in the coming years to be the *topmost specialized college of commerce* to survive in the competitive environment.
6. As we grow, we need to find new ways and means to retain and enhance our spirit of innovation and entrepreneurship and maintain an enthusiastic environment wherein people feel empowered to do things, to take on challenges, to innovate, and not be scared of making mistakes.
7. The following initiatives are likely to fructify in future:
 - College hostel
 - Multipurpose Auditorium
 - State of the art sports facilities
 - 3 months Certificate course in Sports Management
